

VSC

EVENTS

WHY VSC EVENTS?

FIVE-STAR SERVICE IN AN IDEAL CENTRAL LONDON LOCATION

Situated in the heart of Central London and benefitting from excellent transport links, the Victory Services Club is a unique London venue for conferences, exhibitions and special events.

All our event rooms have recently been refurbished following a multi-million-pound investment and benefit from high-tech AV facilities, use of plasma TV screens and private bars.

If you are looking for an affordable, luxury event venue offering a whole host of five-star benefits including excellent in-house catering and customer service, the VSC is the London venue for you.

The club is proud to be part of the Meetings Industry Association, Hospitality Assured and Considerate Hoteliers.

MEET THE TEAM

MARK FIELD
OPERATIONS DIRECTOR

Mark oversees the day-to-day activities of the business at the VSC, he joined the venue in 2012. Mark has over 20 years' experience in the hospitality industry having trained as a chef before studying Hotel Management.

JOANNA LUNN
EVENT SALES MANAGER

Joanna proactively generates income from event and conference hire of the VSC's space to support the Club's charitable objectives. She joined the venue in 2018. Joanna has worked in events and hospitality for a number of years.

PAUL MATTOCKS
EXECUTIVE CHEF

Paul is responsible for all catering services at the VSC. He joined the venue in 2008. Paul has a wealth of catering experience that began at army catering college resulting in 24 years' working for the Armed Forces across the world.

ANTOINE SAHYOUN
FOOD AND BEVERAGE MANAGER

Antoine manages the entire food and beverage department operationally and administratively ensuring clients' needs are met from start to finish. He joined the VSC in 2017.

ACCESSIBILITY

THE VSC IS A FULLY ACCESSIBLE EVENTS VENUE

In 2018 the entrance to the Carisbrooke Hall underwent an extensive refurbishment project. The entrance foyer allows for clear wheelchair access from pavement level into the foyer and has been upgraded to include a new platform lift to allow guests to descend into the Carisbrooke Hall, Trafalgar Room and El Alamein Room.

The VSC has 9 accessible bedrooms, this work was very largely funded thanks to a £56,000 grant from the RAF Benevolent Fund. Each of the bedrooms have been designed with adaptability in mind, to provide adequate space to move around the room in confidence.

SUSTAINABILITY

The VSC is on a journey to become more sustainable, in light of this the VSC was awarded Excellence in Sustainability at the Hospitality Assured Awards. Part of the VSC's current sustainability initiatives include:

INCREASED RECYCLING AND CENTRALISED WASTE COLLECTION

By centralising collection points for waste and recyclables, we endeavour to capture more recycling than the traditional recycling set-up. We have also made small changes to reduce our plastic waste within the food and beverage department by no longer stocking plastic drinking straws and by utilising plant-based catering disposables made from renewable, lower carbon or recycled materials, that can all be commercially composted with food waste.

THE VSC ROOF GARDEN

In the spring of 2019 the kitchen team embarked on an exciting project to create the VSC Roof Garden. Instead of buying in ingredients and to reduce our carbon footprint, the team planted and tendered an array of herbs, vegetables and salads all to be used in dishes for events. The garden has contributed to the reduction in our packaging along with other successful initiatives that we have worked on with our food suppliers. As a by product it has become a training tool for the kitchen team and has been the point of interest with visiting chefs.

ECO-FRIENDLY CLEANING PRODUCTS

At the start of this year we moved all our chemical products to Innuscience. Innuscience produces non-solvent, ecologically certified cleaning products which are concentrated and long lasting and kinder to the environment than more traditional brands.

SUSTAINABLE PRODUCTS

We have also embarked on a journey of sourcing sustainable products and these include sustainable Christmas crackers, pasta straws, recyclable conference pens and zero carbon impact wines.

REDUCED SOAP AND TOILETRY WASTE GOING TO LANDFILL

We work with a company called Clean Conscience that helps hotels and toiletry manufacturers achieve environmental sustainability, by significantly reducing the amount of soap and toiletry waste going to landfill. Clean Conscience recycles and repurposes this waste through a number of community engagement activities to get soap and hygiene products to those most in need.

EVENT ROOMS

CARISBROOKE HALL

Beautiful, historic space for larger events of up to 300 people.

EL ALAMEIN & TRAFALGAR SUITE

Fitted with stylish décor, fine furnishing and classic lighting for up to 250 guests.

EL ALAMEIN ROOM

Everything you need for a modern meeting or drinks reception of up to 120 people.

COMMITTEE ROOM

A versatile, practical and impressive space accommodating up to 30 delegates.
